When you delete your account, we do not delete things you have posted, including your photos and videos. You can delete posts before deleting your account. If you delete your profile account you won't be able to recover that information later. Information that others have shared about you or your content isn't part of your account and won't be deleted. This may include responding to legal requests from jurisdictions outside of the United States when we have a good-faith belief that the response is required by law in that jurisdiction, affects users in that jurisdiction, and is consistent with internationally recognized standards.
